

IEEE OES Ocean Challenge 2024

Call to Action:

Are you a student or young professional passionate about ocean conservation and innovation? Join us in shaping the future of our planet by participating in the IEEE OES Ocean Challenge. Let's work together to develop groundbreaking solutions to address the UN Decade of Ocean Science goals.

Visit oceanchallenge.xyz to learn more and submit your ideas!

This is a challenge dedicated to teams of students and young professionals to take on new innovative ideas and technical solutions to address at least one of the ten OD challenges (oceandecade.org).

The "Ocean Challenge" will be modelled as a two-stage global competition.

In the first phase, teams will present their ideas in a *written report and a video*. A panel of experts from Academia and Industry, including the OES Technical Committees, will evaluate the proposals and select 5 teams for the second phase.

The seed funding will be used to implement the proposed solution.

Representatives of the winning team will then be invited to present their solution to the IEEE OES Oceans Brest conference!

Submit your proposal by 30/11/2024
